Finding Gossamyr Volume 1 HC

By David Rodriguez

Th3rd World Studios, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service!

Summary: In the world of Gossamyr, power is as simple as comprehension. A spell is a theorem and the theorem must be written in the air and proven for it to take hold. Denny's unique gift allows him to solve theorems that would drive anyone else insane, but he doesn't think of the world on those terms. He can only solve problems, not consider the appropriate answer for a situation. Fortunately, the children are befriended by allies who strive to send the stranded siblings home before dark forces can use the boy's power for evil. This beautifully bound hardcover edition of Finding Gossamyr collects the first volume of this critically acclaimed series, and is packed with 132-pages of gorgeously painted story, concept art, guest artist gallery, a beautifully illustrated map of the world of Gossamyr, and an exclusive short story created just for this edition.

Reviews No one ever trusts their math teacher, which is why kids need to read this comic before their teachers can recommend it, because it's a math book that actually is fun. For maximum effect with readers, tell...
