This volume contains the Proceedings of a Conference on Inter- disciplinary Investigation of the Brain held at Oxford, 11-13th, April 1972. The Congress was organised by the UK Liaison Committee for Sci- ences Allied to Medicine and Biology (SAMB). This organisation was set up in 1965 to promote the interdisciplinary approach to medical and biological problems. The present *Conference is the third to be held under the auspices of SAMB. It was planned to cover a wide range of interests by inviting workers from various disciplines to speak about their work in progress.
