Excerpt: . . . a record of marked progress as to colorings. By mixing the toncs for himself the porcelain painters can so increase their variety that modern porcelain painting is not inferior in its character to any other branch of applied art. International Competition for Protective Appliance! The Italian Minister of Agriculture has issued from Rome the regulations affecting the approaching international competition for inventions to protect workers from accidents. From these it would seem that the models submitted will be exhibited in a special section of this years Turin Exposition. The date of sending them in has been for some classes extended until June 30 next. Models and appliances will remain the sole property of the inventors, who, however, will have to take the necdful steps to legally protect their rights. Business Undertone Good The Simmonds Hardware Co. , of St. Louis, is one of the largest agricultural implcineit distributors in the country. It employs a large staff of traveling salesmen, and in order to gage the prospects of its own business conducts a systematic inquiry through these salesmen into business conditions and prospects. The predominant note in all of these reports on April 1 is that while business is slow and unsatisfactory at present, yet natural conditions are so inherently good and sound as to give ground for well founded hope for substantial improvement in the latter part of this year, provided, of course, crops be good. as the general impression seems to be that...
