

Simple Physics (Paperback)

By James M Jacobs

Epigraph Publishing, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****. Truly a book unlike any other, Simple Physics successfully marries science and spirituality, physics and the Bible. It is written with the firm conviction that the universe is not an accident but the creation of an almighty God named ???? (Yahowah). He was joined in creation by his only begotten son, named Michael. The name is in the form of a question, the first question ever asked-- Who is like God? We are all helped to answer that question by this little book. Romans 1:20 states, His invisible qualities are seen from the world's creation onward, because they are perceived in the things made, even his eternal power and Godship (the kind God he is), so that they are inexcusable. No excuse exists for not seeing God's hand in nature. Simple Physics reveals how nature works. Based on the simple postulate that darkness is not the absence of light but its opposite, Simple Physics builds on that to explain how gravity works, how light and matter move, what mass (energy) is, what time is, and...

Reviews

This book will never be easy to start on looking at but quite entertaining to read. It is actually packed with wisdom and knowledge. It is extremely difficult to leave it before concluding, once you begin to read the book.

If you need to add benefit, a must buy book. It usually does not charge excessive. I realized this ebook from my dad and I suggested this publication to learn.
